

LexMarGlobal

Export Compliance Statement

It is the policy of LexMar Global to fully comply with all laws and regulations governing the export of its equipment. Under no circumstances shall LexMar Global personnel or partners sell or ship any product contrary to United States export laws or shall these laws be compromised for personal gain. Neither sales nor shipments are to be made to any individual or firm appearing in the consolidated U.S. government screening lists or to any firms owned by or associated with the individuals of firms therein listed. No orders or shipments are to be made to any country subject to economic or trade sanctions imposed by the U.S. unless otherwise authorized by U.S. law. In addition, LexMar Global will not export our equipment to a third party or to an affiliate located in a country that is engaged in boycotting activities not sanctioned by the U.S. and shall not make any sale that is prohibited under the Anti-boycotting Act (50 USCA 2407, Part 760). Failure to comply with these regulations may result in the imposition of criminal and/or civil fines and penalties, including incarceration for individuals and suspension of export privileges for LexMar Global.

All questions concerning whether a proposed sale, shipment or other transaction, domestic or international, complies with the export laws shall be immediately referred to the export compliance manager (exportcompliance@lexmarglobal.com), who is responsible for the day-to-day administration of the export compliance program at LexMar Global.

Non-compliance or possible non-compliance with any of the export laws and regulations that becomes known to any LexMar Global employee shall be immediately reported to the export compliance manager.

LexMar Global's EMS summarizes and refers to the applicable laws and regulations (which will be updated as appropriate) that are excerpted from the U.S. Export Administration Regulations. The export compliance manager has a complete set of the foregoing regulations.
